3.3 VEHICLE SUBSTITUTION

A competitor may substitute another vehicle during the course of a Championship provided the substitute vehicle is in the same class as the original entry. There will be no limit to the number of substitutions that can be made. However, the competitor must notify the appropriate Championship Co-ordinator in writing of any substitution **before the commencement of practice** for the event in which the substitute vehicle is to be used, or no Championship score will be credited to that competitor in the substitute. APPENDIX A - SCORING

A.1 GUYSON SCOTTISH SPRINT CHAMPIONSHIP – SCORING SYSTEM AND AWARDS

A.1.1 QUALIFYING SCORE

The maximum QUALIFYING SCORE will be the aggregate of points gained at eight (8) less than the total number of Championship rounds run in the year, the lowest scores being dropped.

Unless stated otherwise, awards will be decided on the competitor's QUALIFYING SCORE only, based on the betterment of class records for each circuit. The fastest of the first two competition runs offered at each qualifying round shall count for championship points, irrespective of the number of competitive runs taken at individual events.

Points will be awarded following each event based on the following calculation:

Class Record x 100 /Competitor Best Time

Where no previous record exists for a class, the new record will be used as the basis of this calculation.

For events with a different class structure the Scottish Class Structure records will be used for scoring purposes.

The Sprint Champion will be the competitor with the highest QUALIFYING SCORE, irrespective of class, but not including Division D classes D1, D2 and D3.

A.1.2 TIE DECIDING

In the event of a tie for an award, the competitor with the best improvement on an existing class record at any round will be the winner. If this does not produce a result, the second best improvement will be considered, then the third and so on, until a result is achieved.

A.1.3 FAILURE TO QUALIFY

At the end of the season, all those registered competitors who have competed in any of the Championship rounds run will be eligible for inclusion in the final results. To be classed as a Finisher, registered competitors must have competed in a minimum of four Championship Rounds. Awards will be restricted to Finishers.

A.1.4 'TOP TEN' CHAMPIONSHIP

In addition to the Overall Sprint Championship based on the championship scoring system, there will be a separate competition based on points awarded for the best times achieved by registered drivers during the Championship timed runs at each of the Championship rounds. Points will be awarded as follows: 15 points for fastest time of the day, 12 points for the second fastest, 10 for third and 8, 6, 5, 4, 3, 2 and 1 for the remaining seven positions respectively. The Top Ten Competition winner will be the competitor who accrues the highest aggregate score on this basis, gained at eight (8) less than the total number of championship rounds run in the year. In the event of a tie, the higher number of first places within the rounds used to calculate the Championship Qualifying Score will decide the winner. If this fails to resolve the tie, then the number of second places, and so on until the tie is resolved. In the event this still does not produce a clear winner dropped scores will then be used to resolve the tie.

A.1.5 CLASSIC AND THOROUGHBREDS

Separate from the Overall Sprint Championship, Competitors in Division D (Classes D1, D2 and D3) compete for the Classic and Thoroughbred Sprint Championship. This Championship is scored via a target time system. Competitors set their own target time before the first competition run of the event, the target time is divided by their closest competition time and the competitor who achieves the closest (+ or -) to their target wins the class. 10 points are allocated to the winner with 8 points to the second placed competitor, 6 points for the 3rd placed and then 5, 4, 3, 2, and 1 point for the 4th, 5th, 6th, 7th and 8th competitor respectively and then 1 point for all remaining class competitors.
